EPCO Construction, Inc.
Metairie, LA

To Whom It May Concern:

It is a pleasure to write this letter of recommendation for EPCO Construction. Everyone we worked with was very honest, reliable and went out of their way to get us back into our home.

We enjoyed working the Blake Bailey, the Project Manager assigned to our project. He was always very helpful and answered our many questions and calls promptly.

EPCO Construction is an extremely competent company and did exceptional work for us. All of the work and special projects we requested were done in a timely and efficient manner with results exactly as we had pictured.

Everything in our home is beautiful, from the walls, to the cabinets and floors. We highly recommend EPCO to our friends, family and anyone who are renovating their homes. It has been a pleasure to have EPCO as our contractor.

Sincerely,

Liz and Robert Dumas

Chalmette, LA
